Research Interests

My research develops autonomous **robotic systems** that can reason, plan, and act in uncertain real-world environments, under physical constraints and safety requirements. While AI has enabled robots to learn complex tasks from data, purely data-driven approaches often lack interpretability, require large datasets, and fail to guarantee safe, reliable behavior. I aim to bridge this gap by combining **physics-informed** knowledge and structured **optimization** principles with **machine learning**, producing planning and control methods that are **data-efficient**, adaptive, and safety-aware. I couple methodological advances with **real-world** validation on robotic platforms, targeting practical impact on the next-generation autonomous systems.

Education

- 11/2019 – 04/2024

 **Ph.D. in Autonomous Systems**, University of Trento, Italy
Doctorate awarded with highest distinction (*summa cum laude*)
Ph.D. thesis: *Artificial Drivers for Online Time-Optimal Vehicle Trajectory Planning and Control* [[pdf](#)].
Supervisor: Prof. Francesco Biral
Date of the defense: 12/04/2024
- 09/2017 – 10/2019

 **M.Sc. in Mechatronics Engineering**, University of Trento, Italy
Final grade: 110/110 *summa cum laude*
GPA: 30/30, 80% exams with maximum score, 60% exams passed with honors
Thesis: *Path planning and control of self-driving vehicles at the limits of handling* [[pdf](#)].
- 09/2014 – 09/2017

 **B.Sc. in Industrial Engineering**, University of Trento, Italy
Final grade: 110/110 *summa cum laude*
GPA: 30/30, 90% exams with maximum score, 60% exams passed with honors
Thesis: *Degradation of glycol-based cooling fluids causing corrosion in machine tools refrigeration circuits*. The thesis was carried out in cooperation with the companies Pama S.p.A. and Rittal GmbH.
- 09/2009 – 06/2014

 **Scientific High School Diploma**
Liceo Scientifico A. Rosmini, Rovereto, Italy
Final grade: 100/100

Research Experience

- 02/2026 – present

 **Humboldt Post-doctoral Fellow**
Technical University of Munich, Munich, Germany
Supervisor: Prof. Johannes Betz
Type of contract: Post-doctoral Fellowship
- 12/2024 – 01/2026

 **TUM Global Post-doctoral Fellow**
Technical University of Munich, Munich, Germany
Supervisor: Prof. Johannes Betz
Type of contract: Post-doctoral Fellowship

Research Experience (continued)

- 04/2024 – 11/2024  **Post-doctoral Researcher**
University of Trento, Trento, Italy
Supervisor: Prof. Francesco Biral
Type of contract: Assegno di ricerca (Italian research grant)
- 03/2022 – 06/2022  **Visiting Ph.D. Student**
Universität der Bundeswehr, Munich, Germany
Supervisor: Prof. Matthias Gerdts
- 11/2019 – 04/2024  **Ph.D. Student**
University of Trento, Trento, Italy
Supervisor: Prof. Francesco Biral
Types of contracts: 11/2019 – 01/2023: Borsa di dottorato (Italian Ph.D. scholarship);
02/2023 – 04/2024: Assegno di ricerca (Italian research grant)

Teaching and Supervision Experience

Metric	Value
N. courses taught (Master level)	1 (Univ. of Trento, Italy) + 3 (TUM, Germany)
N. courses taught (Ph.D. level)	1 (Univ. of Trento, Italy)
N. hours of lectures (Master level)	50 (Univ. of Trento, Italy) + 25 (TUM, Germany)
N. hours of lectures (Ph.D. level)	14 (Univ. of Trento, Italy)
N. exam sessions prepared and corrected	6 (Univ. of Trento, Italy) + 4 (TUM, Germany)
N. co-supervised Ph.D. students	1 (Univ. of Trento, Italy) + 5 (TUM, Germany)
N. supervised visiting Ph.D. students	4 (TUM, Germany)
N. co-supervised Master students	9 (Univ. of Trento, Italy) + 7 (TUM, Germany) + 1 (HAN, The Netherlands) + 1 (EIT Digital Master School, EU)

- 06/2026  **Lecturer**, Doctoral School in Materials, Mechatronics and Systems Engineering, University of Trento, Italy
Ph.D. course *Physics-informed Machine Learning for Modeling, Planning, Control and Estimation of Physical Systems*.
 - Lecturer for all lectures (14 hours).
 - Preparation of all course materials.
 - Final exam preparation and evaluation.
- 07/2025 – present  **Lecturer**, Technical University of Munich, Germany
Master course *Autonomous Vehicles: Motion Planning and Decision Making*
 - Preparation of slides and materials for selected lectures.
 - Lecturer for selected lectures (20 hours).
 - Support with exam preparation and correction. **Lecturer**, Technical University of Munich, Germany
Master course *F1TENTH: Autonomous Driving Hands-on*
 - Preparation of slides and materials for selected lectures.
 - Lecturer for selected lectures (5 hours). **Lecturer**, Technical University of Munich, Germany
Master course *Ethical Robot Systems*
 - Support with exam preparation and correction.

Teaching and Supervision Experience (continued)

09/2021 – 02/2022

09/2020 – 02/2021

11/2019 – 02/2020

- **Lecturer**, EIT Digital Master School, University of Trento, Italy
Master course *Vehicle Dynamics, Planning and Control of Robotic Cars*.
 - Building the course from scratch from the first edition in 2019.
 - 150+ hours of materials preparation.
 - Preparation of all the lecture slides and assignments.
 - Holding lectures and exercise sessions ($\approx$ 50 hours).
 - Grading assignments and providing feedback to students.

03/2025 – 03/2026

- **Program Assistant**, Robotics Institute Germany, Germany
Assistance in the creation of a new Master of Science in AI-based Robotics across different universities in Germany.
 - Definition of requirements from the industry and research community.
 - Survey-based analysis of strengths and weaknesses of the current academic educational landscape in robotics.

2025 – present

- **Thesis Co-Supervisor**, Technical University of Munich, Germany
 - 5 Ph.D. Students
 - 7 Master Students
 - 4 Visiting Ph.D. Students

2019 – present

- **Thesis Co-Supervisor**, University of Trento, Italy
 - 1 Ph.D. Student
 - 9 Master Students

2021 – 2022

- **Thesis Co-Supervisor**, EIT Digital Master School (EU)
 - 1 Master Student
 - 1 Term Project

2020 – 2021

- **Thesis Co-Supervisor**, HAN University of Applied Sciences, Netherlands
 - 1 Master Student

Work Experience

09/2018 – 06/2019

- **Control and Simulation Engineer**
Formula SAE Project, Dynamics and Modeling Team, University of Trento, Italy
 - Development of vehicle multibody models to validate vehicle controllers.
 - Parameter optimization for the mechatronic powertrain.

09/2017 – 07/2018

- **Mechanical Design Engineer**
Formula SAE Project, Powertrain Design Team, University of Trento, Italy
 - Responsible for the mechanical transmission unit.

06/2016 – 08/2017

- **Cooling System Engineer**
Formula SAE Project, Cooling System Design Team, University of Trento, Italy
 - Design and manufacturing of the cooling system for an electric FSAE vehicle.

08/2018 – 09/2018

- **Engineering Internship**
Pama S.p.A., Rovereto (Italy)
 - Design of innovative solutions for the kinematic chain in a large-scale, high-precision milling machine divider.

09/2016

- **Engineering Internship**
Pama S.p.A., Rovereto (Italy)
 - Experimental setup to investigate corrosion phenomena arising from the degradation of glycol-based cooling fluids within machine tool circuits.

Work Experience (continued)

02/2016

09/2015

02/2015

Engineering Internship

Pama S.p.A., Rovereto (Italy)

- Design and analysis of mechanical and hydraulic assemblies for large-scale high-precision milling and boring machine tools.

Publications and Patents

Metric	Value
N. journal papers	17 (4 of which are under review)
N. conference papers	25 (6 of which are under review)
N. patents	2 (1 pending)
N. citations (Google Scholar)	380+
h-index (Google Scholar)	11

Invited Talks

- 1 M. Piccinini, “Physics-Encoded Trajectory Planning and Control: From Racing Cars to General Robotics”, *Invited Talk*, University of Verona, 2026.
- 2 M. Piccinini, “Physics-Guided Motion Generation and Control: From Autonomous Racing Towards General Robotics”, *Invited Talk*, Eindhoven University of Technology, 2025.
- 3 M. Piccinini, “NNodely: An Open Framework for Model-Structured Neural Networks in Robotics”, *Invited Talk*, Workshop series organized by the Ekumen company, 2025.
- 4 M. Piccinini, “Artificial Drivers to Learn the Vehicle Dynamics, Plan and Execute Online Time-Optimal Maneuvers”, *Invited Talk*, Technical University of Munich, 2024.
- 5 M. Piccinini, “Model-Structured Neural Networks to Model and Control Physical Systems”, *Invited Talk*, Seminar for PhD students, University of Trento, 2024.
- 6 M. Piccinini, “Virtual race drivers for planning and control with robotic cars”, *Invited Talk*, Universität der Bundeswehr, Munich, 2022.

Poster Sessions

- 1 M. Piccinini, A. Mungliello, J. Betz, and G. P. R. Papini, “Model-Structured Neural Networks to Model & Control Robots”, *Late-Breaking Results Poster Session*, International Conference on Robotics and Automation (ICRA), Atlanta, USA, 2025.
- 2 M. Piccinini, S. Taddei, and F. Biral, “Artificial Race Driver”, *Poster Session at the Industrial Engineering Day*, University of Trento, 2023.
- 3 M. Piccinini, E. Pagot, and S. Taddei, “Virtual Driver to Control Race Cars near the Limits”, *PhDII Poster Session*, University of Trento, 2022.
- 4 M. Piazza and M. Piccinini, “MPTree: Motion Primitive Tree Exploration for Trajectory Planning with Dynamic Obstacle Avoidance”, *Poster Session at the Industrial Engineering Day*, University of Trento, 2022.

Patents

- 1 F. Jahncke, B. Zarrouki, M. Piccinini, J. D’sa, D. Isele, S. Bae, and J. Betz, “Differentiable Weights-Varying Nonlinear MPC via Gradient-Based Policy Learning: An Autonomous Vehicle Guidance Example”, Patent pending, 2026.
- 2 M. D. Lio, F. Biral, and M. Piccinini, “Device and method, based on neural networks, for estimating the lateral speed of vehicles”, WO2023166536A1, 2023. [URL: https://patents.google.com/patent/WO2023166536A1/en?q=PCT%2fIT2023%2f050058](https://patents.google.com/patent/WO2023166536A1/en?q=PCT%2fIT2023%2f050058)

Awards & Funding

- 02/2026  **Seal of Excellence for Marie Skłodowska-Curie Post-doctoral Fellowship**
Project evaluation: 90.6% (Seal of Excellence). Not funded due to budget limitations.
- 12/2025  **Humboldt Post-doctoral Fellowship**
2-year funding for post-doctoral researchers, following the evaluation of a research proposal (**success rate** < 20%).
-  **Best Poster Award**
German Autonomy Summit, Munich (Germany), 2025 (3rd place).
- 10/2025  **Best Workshop Paper Award**
2025 IEEE IROS conference, Workshop on Planning, Perception and Navigation for Intelligent Vehicles.
- 09/2025  **Best Ph.D. Thesis Award**
Issued by the journal *MDPI Vehicles*.
- 08/2025  **IEEE ITSS Best Dissertation Award**
Issued by the IEEE Intelligent Transportation Systems Society. The related article, published in the IEEE ITS Magazine, is available [here](#).
-  **IEEE IES-SYPA Travel Award**
Issued by the IEEE Industrial Electronics Society (IES) for participation in the 2025 IEEE IROS conference (**success rate** < 10%).
- 06/2025  **Best Paper Award Finalist**
2025 IEEE Intelligent Vehicles (IV) Symposium.
- 03/2025  **EuroTech Visiting Researcher Award**
15-day research travel grant to collaborate with the Eindhoven University of Technology, following a competitive selection of a research proposal.
- 12/2024  **TUM Global Post-doctoral Fellowship**
2-year funding for early-career researchers, following the evaluation of a research proposal (10 funded positions, **success rate** < 10%).
- 07/2024  **IFAC Young Author Award**
Awarded at the 17th IFAC Symposium on Control in Transportation Systems, Cyprus.
- 05/2024  **Best Paper Award Finalist**
10th International Conference on Vehicle Technology and Intelligent Transport Systems (VEHITS).
- 04/2024  **Ph.D. Graduation with Highest Distinction** (*summa cum laude*)
- 11/2023  **Best Poster Award**
Industrial Engineering Day, University of Trento (Italy).
- 10/2019  **M.Sc. Graduation with Highest Distinction** (*summa cum laude*)
- 09/2017  **B.Sc. Graduation with Highest Distinction** (*summa cum laude*)

Projects

- 02/2026 – present  **Boosting Robot Performance with Model-Based and Data-Driven Control**
Project funded by the Alexander von Humboldt Foundation (Germany) as part of the Humboldt Postdoctoral Fellowship, following a competitive selection process.
Responsibilities: Project development and reporting.
- 05/2025 – present  **Modular Software Stacks for Autonomous Driving**
Industry-funded project, with the Honda Research Institute company (USA).
Responsibilities: Support with project development and reporting.

Projects (continued)

03/2025 – 03/2026

■ **Robotics Institute Germany – Education Cluster**

Funded by the German Federal Ministry of Research, Technology and Space (BMFTR)

Responsibilities: Assistance in the creation of a new Master of Science in AI-based Robotics across different universities in Germany; Definition of requirements from the industry and research community; Survey-based analysis of strengths and weaknesses of the current academic educational landscape in robotics.

01/2024 – 11/2024

■ **Digital Twin Vehicle Models for Energy Management, Performance Optimization and Parameter Estimation**

Industry-funded project, with the Stellantis company (Italian division).

Responsibilities: Project implementation and reporting.

11/2019 – 11/2021

■ **Artificial Drivers of Autonomous Race Cars**

Industry-funded project, with the AnteMotion S.r.l. company (Italy).

Responsibilities: Project implementation and reporting.

Academic Engagement

Editorial Activities

- **Associate Editor**, IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS)
- **Associate Editor**, IEEE International Conference on Intelligent Transportation Systems (ITSC)
- **Invited Session Organizer**, Invited Session on “Automated Vehicles at the Limits: Lessons and Opportunities from the Racetrack”, IEEE International Conference on Intelligent Transportation Systems (ITSC), 2026
- **Guest Editor** of the Special Issue on “Methods and Algorithms for Autonomous Systems in Intelligent Transportation”, IEEE Open Journal of Intelligent Transportation Systems, from June 2026

Conference Committees

- **Chair** of the session “Path Planning”, at the Automatica.it conference, Bolzano (Italy), 2024
- **Co-chair** of the session “Modeling, Control, and Optimization of Transportation Systems”, at the 17th IFAC Symposium on Control in Transportation Systems (CTS), Ayia Napa (Cyprus), 2024

Workshop Organization

- **Workshop Organizer**: M. Piccinini, M. Salazar, J. Betz, “Automated and Electrified Racing: Opportunities for Future Intelligent Vehicles”, IEEE International Conference on Intelligent Transportation Systems (ITSC), 2026
- **Workshop Organizer**: D. Meli, M. Piccinini, F. Trotti, A. Farinelli, J. Betz, “AI Meets Control for Resilient and Reliable Robot Planning (AIM-Ctrl)”, IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS), 2026

University Service

- **TUM Internationalization** support: organized the research visits of Prof. Basilio Lenzo, Prof. Francesco Biral, Dr. Mattia Laurini, and the visiting Ph.D. students Aniello Mungiello, Gonalo Torres, Mattia Piazza, and Gianluca Frison to the Technical University of Munich, Professorship of Autonomous Vehicle Systems (2025 – present).

- **Final Examination Committee** Member for around 35 Master theses at the Technical University of Munich, Professorship of Autonomous Vehicle Systems (2024 – present).
- **Final Examination Committee** Member for around 20 Bachelor theses at the Technical University of Munich, Professorship of Autonomous Vehicle Systems (2024 – present).
- **Selection Committee Chair** for external visiting Ph.D. positions and M.Sc. theses at the Technical University of Munich, Professorship of Autonomous Vehicle Systems (2025 – present).
- **Open Days** Lab Presenter, Master of Science in Mechatronics Engineering, University of Trento (2020-2022).

Society Memberships

- IEEE Robotics and Automation Society (RAS)
- IEEE Intelligent Transportation Systems Society (ITSS)
- Società Italiana dei Docenti e Ricercatori di Automatica (SIDRA)

Peer-Review Activities

Journals: IEEE Transactions on Intelligent Transportation Systems; IEEE Transactions on Vehicular Technology; IEEE Transactions on Mechatronics; IEEE Transactions on Industrial Electronics; IEEE Open Journal of Control Systems; IEEE Transactions on Control Systems Technology; IEEE Transactions on Robotics; IEEE Robotics and Automation Letters (RA-L); IEEE Access; Robotics and Autonomous Systems; Vehicle System Dynamics; Springer Nature - International Journal of Machine Learning and Cybernetics; Springer Optimization and Engineering; Springer Nature Communications; Control Engineering Practice (IFAC); Mechanical Systems and Signal Processing; Results in Materials (Elsevier); MDPI Vehicles; MDPI Machines; MDPI Electronics; MDPI Actuators; MDPI Algorithms; MDPI Drones; MDPI Symmetry; MDPI Applied Sciences; MDPI World Electric Vehicle Journal

Conferences: IEEE International Conference on Robotics and Automation (ICRA); IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS); IEEE Intelligent Vehicles Symposium (IV); IEEE International Conference on Intelligent Transportation Systems (ITSC); IEEE Conference on Decision and Control (CDC); European Control Conference (ECC); IEEE Conference on Control Technology and Applications; IEEE International Conference on Real-time Computing and Robotics; IEEE International Conference on Advanced Motion Control; International Conference on System Theory, Control and Computing (ICSTCC); IFAC Symposium on Control in Transportation Systems; Winter Conference on Applications of Computer Vision (WACV).

Skills

Programming	■	Matlab, Simulink, Python, C/C++, Maple, Mathematica, Ruby
Machine Learning Frameworks	■	Tensorflow, Keras, PyTorch
Development Tools	■	GitHub, GitLab, Bitbucket
CAD Software	■	SolidWorks, Inventor, AutoCAD
Operating Systems	■	MacOS, Windows, Linux
Other Computer Skills	■	LaTeX, Microsoft Word, Microsoft Excel, Microsoft Power-Point, Apple Keynote, Apple Pages
Others	■	Driving licence B

Skills (continued)

Languages

- English: full professional proficiency (Cambridge Certificate of Advanced English, level C1)
- German: upper-intermediate knowledge
- Italian: native

Personal Details and Interests

- Date of birth: 16/07/1995
- Nationality: Italian
- Personal interests: traveling, swimming, hiking
